

Consumable products for network installation and maintenance

PT Technologies Europe provides a range of packaged products that offer full solutions for consumables to utility companies, contractors and cable & kit producers engaged in installation, jointing, maintenance and production of cables and accessories.

Products

- Cable cleaning solvents
- Cable pulling and blowing lubricants
- Solvent impregnated wipes
- Sealant/adhesive residue remover
- Antibacterial hand cleaning wipes

Key benefits

- Efficient and effective cleaning and lubrication
- Convenient, ready to use packaging
- Reduced human exposure risks
- Handy wipes eliminate spillage and fire hazards
- Field personnel protection

Key approvals

- ABB
- Balfour Beatty
- Bellcore
- Corning
- Doble Engineering
- e-on
- EDF UK
- Elastimold
- ESB
- Nexans
- Prysmian/Pirelli
- Scottish Power

Specialising in parts for power generation, oil and gas, defence and the mining industry.

Solvent Cleaning Products

- PF** Solvent for cable cleaning, jointing, termination and kitting. 100% volatile (no residue) and non-flammable. Use on live systems (up to 39kV). Approved for high-voltage applications (440kV).
- PF-QD** Fast drying, odourless solvent for electrical equipment maintenance.
- d'Gel** Safe cable gel cleaner (copper and fibre). Corning, Nexans and Bellcore approved.
- PF Sealant Remover** Sealant and adhesive residue remover. Heavy duty industrial degreaser, removes combustion residues, tar, marking inks and heavy-duty soils.

All our solvents are available in 1 litre bottles (trigger sprays available) or impregnated wipes in buckets and flat packs.

Cable Pulling and Blowing Lubricants

TECHLUBE is a range of water-based biodegradable, non-toxic lubricants.

- Techlube HD** Heavy duty lubricant for heavy cables and difficult pulls. Available in buckets and pre-lubricating bags.
- Techlube PHD** Pourable lubricant for lighter cable installations.
- Techlube Multi** All-purpose lubricant. Intermediate viscosity between PHD and HD.
- Techlube FO (Fibre Optic)** Fibre optic and sub-duct installation lubricant with high elasticity for reduced consumption.
- Techlube M** Specially designed lubricant with microspheres for the Telecoms industry.
- CABLE EASE** Specialised blowing lubricant with silicone for low consumption. Designed to maximise installation distance.

Personal Protection

- PF Anti Bac** Antibacterial hand cleaning wipe allows safe and effective waterless hand cleaning in the field. Removes oils, greases, combustion and tar residues. Effective against Weil's Disease and E-Coli. (EA Technology Performance Report available)
