

# RUSLYN PACK REEL

PART NUMBER AUS004754RPR-85

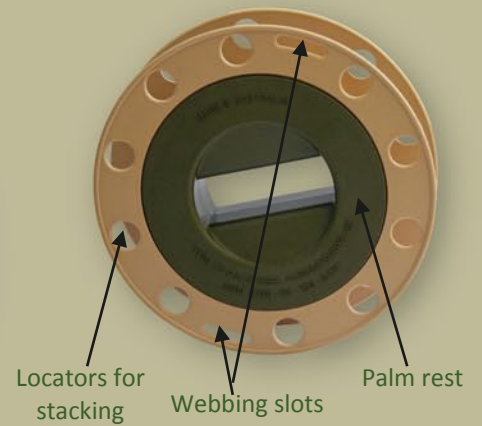

**NSN 8130-66-159-6431**

The **Ruslyn Pack Reel**® is designed to be carried by dismantled troops including Combat Engineers, Search and Rescue, Explosive Ordnance Disposal, Special Operations, Signals and Clearance Divers. This small rugged and lightweight reel may be operated with a gloved hand in all conditions and is primarily designed to deploy hook & line, detonator cord, firing cable, signals cable, bungee cord, rope or wire. The reel can be attached to a soldier's webbing or pack carried.
